

A wire story on this page yesterday reported factually: "If you need a new set of tires for your automobile you can save about \$3 by taxes by buying them before midnight Saturday."

And, pursuing the story further, you discovered that among other things on which taxes will increase after midnight Saturday is gasoline, up to a gallon.

The fact is, congress has just completed passage of a gigantic federal highway bill and the aforementioned taxes are provided by it, and will take effect after Saturday assuming President Eisenhower signs before then — and it is pretty certain he will.

The new federal program visualizes a network of airline military-type highways linking every section of the United States, to be constructed in the next 16 years at a cost of 33 billion dollars.

Basically this is a type of public works all of us believe in; nevertheless, we opposed the program as originally projected and as finally enacted — and are repeating our position just for the record, now that the bill is about to become law.

In the first place, the federal government has an endless thirst for power — and it is noteworthy that after every war the central authorities dream up every conceivable excuse for perpetuating the special taxing and spending grants the people gave them for war emergency only.

Thus, although the individual state governments had already constructed the finest highway network found on any continent, and were already branching out into important toll-road systems (which could be used free by the military in emergency), along comes the federal government and pretends that the end result must be obtained, not gradually, by state and local authority, but instantly, by the Washington experts.

The road system we shall get will be earlier, but no better than some state roads already in existence — as in Pennsylvania, New York, New Jersey and elsewhere — and will cost the American people much more in dollars and in curtailed local and state authority than had the state governments been permitted to continue on their own.

You are warned here and now that this new program will be run out of Washington, with little or no attention to the needs and wishes of the individual states — and that the true cost of the program in taxes upon the individual motorist hasn't been so much as whispered.

If the gasoline tax is upped to a gallon come next Monday, why, in the new few years it is almost certain to be increased by 10c or even more. The reason is obvious: The upcoming 1c-a-gallon increase is predicated on the starting program, which calls for the federal government to put up 90% of the road cost while the states put up only 10%. But the history of every Washington program is that the federal government holds onto its own taxes and gradually requires the states to bring up their own taxes until the states finally are matching the federal expenditure — the well-known 50-50 formula.

Directs Army to Keep Spa Hospital Open

WASHINGTON (AP)—Congress has again directed the Army to continue operations of the Army-Navy Hospital at Hot Springs, Ark., for another year.

The directive is contained in the defense appropriation bill which has passed the House and Senate in slightly different form. However, Rep. Norrell (D-Ark.) said today, both versions contain identical language directing the Army to operate both the Hot Springs hospital and Murphy General Hospital, Waltham, Mass., for a year. So this language will be in whatever compromise bill is agreed on and sent to the President he said.

First Local Melons and Cantaloupes Brought to Hope

Death Penalty to Four Negroes in Hammer Slaying

TEXARKANA, (AP)—A Circuit Court jury yesterday convicted four young Negroes in a slaying which arose from a \$9 robbery and fixed punishment at death in the electric chair.

The defendants, who heard the verdict with little apparent emotion, are James Boyd, 19; Willie H. Byrd, 23; Roger Boone, 24, and James Moore, 18.

They were found guilty of the fatal beating of M. R. Hamm, a 76-year-old retired white farmer, near here last month.

Circuit Judge Lyle Brown is expected to pronounce formal sentence and set a date for execution later this week.

The Negroes' court-appointed defense attorneys did not indicate whether an appeal would be taken.

Bomb Blast on Cyprus Injures One

NICOSIA, Cyprus (AP)—A homemade bomb exploded here today in the gasoline tank of an automobile owned by an American. No one was hurt, and damage was slight.

The car belonged to Louis La Baue, 26, of New Orleans, La., State Department employee at the U. S. radio relay station near his capital of the British-ruled Mediterranean island of Cyprus.

It was parked in front of his home on the outskirts of Nicosia when a passing British air force sergeant saw smoke coming from it. Just then the bomb detonated, wounding La Baue in a premature small explosion. British demolition experts found it led from a glass tube filled with gunpowder and pushed down into the gasoline tank.

La Baue was inside his home at the time.

Authorities expressed belief the crude bomb had been planted by youths sympathetic to EOKA—the national organization for Cypriot fighters, an underground movement waging a campaign of violence for annexation of Cyprus to Greece.

It was the first attempt at violence against an American since June 16, when U. S. Vice Consul William P. Boteler was killed and two other Americans injured in a bombing.

Christian Church Groups to Unite

By GEORGE W. CORNELL
OMAHA, Neb. (AP)—A long, memorable journey was over today for Congregational Christians, and a new one begun—in company with other Christians.

For the last scheduled time as a separate denomination the church representatives had assembled for their regular biennial General Council meeting.

As delegates headed home today, the future of their church was wrapped up with another institution of the faith—the Evangelical and Reformed Church.

About the last word of the week-long council meeting, before it adjourned yesterday, was a message telling the new denominational partners that "we rejoice" that the long-sought union "has now been accomplished."

Calypsonians Complain Tunes Are Stolen by Americans, So They Will Try to Organize

By HAL BOYLE
PORT OF SPAIN, Trinidad (AP)—You don't have to be able to write love letters to court a girl in old Trinidad.

You tell her with music. And you don't even need to be a musician yourself. You simply fork over a little ready cash to the nearest impoverished calypso singer and he creates a quick ballad extolling in song the charms of the girl you're after.

A movie company here now making a film with Rita Hayworth recently had her intimidated in this manner. Total cost—\$100.

Calypso songs originally were improvised satires on current events sung to an American rhythm at the annual pre-Lenten carnival. Today, however, the calypso industry is not much more spontaneous than the art of canning tuna fish. It gets more like Tin Pan Alley every year. The ad libs aren't vocal. They're written out ahead of time.

"The calypsonians are becoming more commercialized," said Charles S. Espinet, assistant editor of the Trinidad Guardian and an authority on island folk music. "But at parties, where the singers know the guests, they still

Tornadic Winds Slap Southwest

By United Press
Tornadic winds up to 115 miles an hour roared through four Southwest states last night and today. They struck hardest at a Kansas City, where crews worked through the night clearing debris-clogged streets.

The high winds, whipped up by an advancing cold front, ripped through parts of Missouri, Kansas, Oklahoma and Arkansas.

Another wild storm raked New York City late yesterday with wind, hail and more than 4.5 inches of rain. Minor street flooding occurred. Power lines were broken and several subways were stopped temporarily.

Lightning hit two church steeples in the big town. Off Ocean side, L. I., rough waters tipped over a boat containing five boys, one of them swam a half mile to shore, but the fifth drowned.

Senate Ready to Start Vote on Foreign Aid

By ERNEST B. VACCARO
WASHINGTON (AP)—The Senate agreed to start voting today on a \$4,502,000,000 foreign aid bill with prospects for a major battle over proposals to cut that amount.

The big test was expected on a move to cut back 600 million dollars from the \$2,600,000,000 the Senate Foreign Relations Committee recommended in military assistance. The House voted two bills for the purpose. President Eisenhower originally asked three billions in military assistance, and \$1,900,000,000 in economic assistance.

Another proposal would cut the total to the \$2,700,000,000 voted for foreign aid last year, but Sen. Ellender (D-La.) a sponsor of it, said the opposition "has the votes sewed up" to defeat it.

Other fights awaited in prospect on efforts to shut off aid to Yugoslavia immediately, and to reduce aid to India.

Senate Republican Leader Knowland (Calif.) said the vote will be close but that he believes enough votes are assured to retain "substantially the money recommended by the committee."

180 New Polio Cases in U. S.

WASHINGTON (UP)—Tehu Public Health Service said today that 180 new cases of polio were reported in the country last week, 97 fewer than in the same week last year.

So far this year, there have been 2,373 cases. That compares with 3,575 cases during the same period of 1955.

Although the total number of cases is running sharply under a year ago, the paralytic rate is only down slightly.

So far, there have been 1,286 paralytic cases this year, compared to 1,557 for the same period last year. Last week there were 93 paralytic cases as opposed to 103 in the same week of 1955.

States reporting 10 or more cases last week were: California 36, Texas 37, Louisiana 15, and Illinois 10.

often improvise."

Calypso singers are a breed apart. Most of them have little education, little formal knowledge of music. They usually come from the other side of the tracks, or, as the saying here goes "behind the bridge."

But they have a keen sense of rhythm and a quick eye for the absurdities and pretensions of the human race.

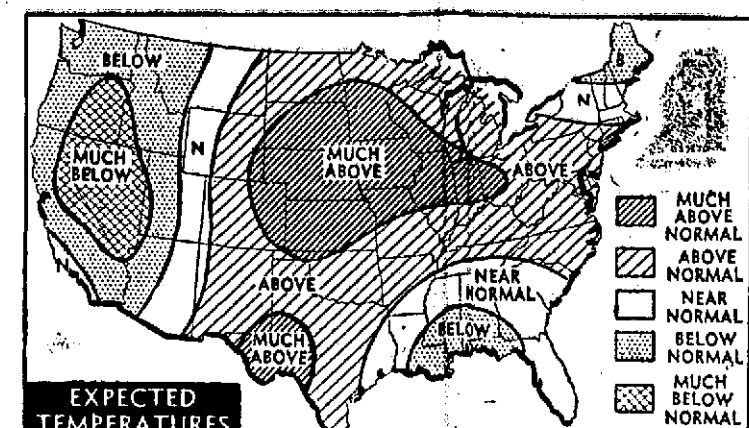

They all go by colorful or high-sounding names—such as "Lord Melody," "Lord Creator," "King Radio," "Cowboy Jones," "Lord Invader," "Attila the Hun," and "The Mighty Sparrow."

Calypso singers — there are about 100 — average \$1,200 a year income.

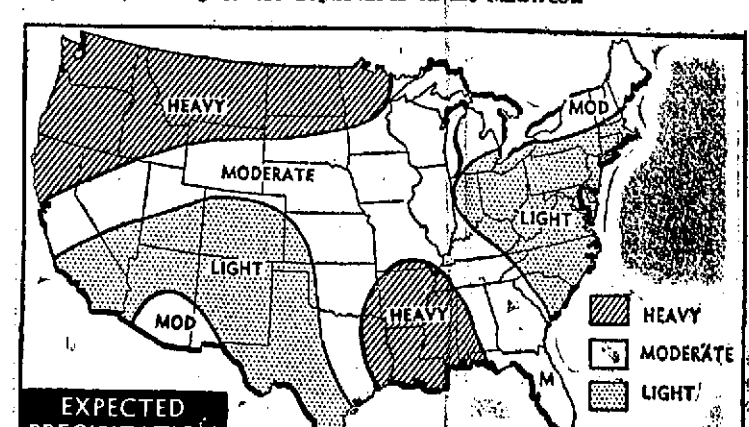

Many of the singers complain that visitors have stolen and exploited their tunes without paying them any royalties.

A gentleman named Vital Angel has just started a music publishing firm here with the hope of stamping out tune robbing by foreigners.

"Some calypsonians are being played all over the United States," he said, "while the calypsonians here who originated them do not get enough money to buy a set of teeth."

Temperatures through mid-July are expected to average below seasonal norms west of the Continental Divide, in the northern New England area, and in the Gulf Coast region. In the remainder of the country, above normal temperatures should prevail, with greatest departures in the Midwest.

Precipitation through mid-July is expected to exceed normal in the northwest quarter of the nation and in the southern half of the Mississippi Valley. Rainfall will be light in the East and the Southwest.

Congress Okays Public Works Cash

WASHINGTON (AP)—Congress passed by voice vote yesterday a compromise bill appropriating \$556,727,000 for government public works programs in the fiscal year that begins Sunday. This figure compares with President Eisenhower's request for \$918,501,000.

The bill carries \$835,012,500 for river and harbor and flood control projects and \$144,225,000 for reclamation and irrigation program funds for 288 projects were authorized.

Eisenhower signed two other money bills. One provides \$117,404,058 to operate Congress in the coming fiscal year. The other makes available \$5,068,000,000 for a number of executive bureaus, boards, commissions and other independent offices.

White River Funds Okayed in House

WASHINGTON (AP)—Backers of a proposal for additional funds for a project to remove backwater behind levees on the lower White River in Arkansas won a preliminary round in the House yesterday.

The House Public Works Committee approved a proposed authorization of \$2,380,000 construction and \$57,000 annual maintenance for the project.

And the committee recommended that the secretary of the Interior be directed to grant the necessary easements in the White River Wildlife Refuge to the White River Drainage District.

The proposed authorization bill now goes to the House itself. If the bill should become law, it would merely authorize Congress to make appropriations in future years for the backwater project and other projects involved.

In hearings recently, Arkansas interests plugged for the White River project under which backwater would be pumped from behind levees releasing additional acres for cultivation. The Arkansas compined that the Interior Department was making export demands in return for right of way needed in the Wildlife Refuge for the project.

On a larger scale, the Public Works Committee recommended authorization — not appropriation — for another 57 million dollars for the over-all White River Basin flood control and power development program.

This would include addition of power for the proposed Lone Rock Reservoir and construction of Gilbert Reservoir for flood control and power.

Authorization of \$35,674,000 additional for the St. Francis River Basin in Arkansas and Missouri also were recommended.

As had been expected, the House yesterday passed and sent to the Senate a compromise bill appropriating \$556,727,000 to finance government public works programs for the fiscal year starting July 1.

Appropriations for Arkansas flood control projects, their size previously settled by a House-Senate Conference Committee, included:

Construction — Dardanelle Dam, \$650,000; Red River bank stabilization, \$575,000; Greer's Ferry Reservoir, \$750,000; Calton Levee, \$750,000.

Twining Orders Probe of Lear's Flight to Russia

By HENRY SHAPIRO

MOSCOW (UP)—Gen. Nathan F. Twining flew to Stalingrad today after ordering an investigation into the arrival here of an American aircraft manufacturer in private plane carrying some equipment on the NATO embargo list.

Before taking off for a tour of the World War II battle site where the Russians stopped the Nazis, the U. S. Air Force chief of staff directed his aides to look into William P. Lear's flight from West Berlin to Moscow.

Lear, owner of an aircraft manufacturing plant in Santa Monica, Calif., arrived Tuesday with his wife in his twin-engine Cessna 310. It was his first such authorized flight by a private plane since before World War II.

The U. S. embassy said Twining's order for an investigation was a spur of the moment command and should be interpreted to mean that there will be a formal, legal inquiry in the Soviet Union.

Lear said he flew to Moscow with the knowledge and without the objection of American consular authorities in Berlin.

Harriman Is Hopeful of Rights Break

By JACK BELL
ATLANTIC CITY, N. J. (AP)—New York's Gov. Averell Harriman appears to be forecasting his bid for the Democratic presidential nomination on the hope that Adlai E. Stevenson's supporters will break apart on the civil rights issue.

Harriman made little political progress on the surface at the 48th annual Governors Conference which ended here yesterday. But he pointed away on his theme that the party must take a strong stand on civil rights.

The New York governor's strategists professed to believe that if that issue is pushed to the forefront at the Chicago convention, so much pressure will be put on Stevenson he will be forced into a stand alienating either Northern or Southern support.

If a wedge can be driven into the Stevenson ranks, Harriman's backers seem to be willing to risk a convention walkout and face the prospect of Democratic loss of some Southern states in November.

Chances Slim for House-passed Veterans Bill

By LEWIS GULICK
WASHINGTON (AP)—Prospects seemed dim today for Senate action on a House-passed pension bill with a special \$90-a-month provision for World War I veterans.

Proposals for bigger payments to service-disabled veterans and to veterans' widows and dependents were stripped from the measure during a turbulent session yesterday in which the House passed it and sent it to the Senate by a 64-51 roll call vote.

Sen. Byrd (D-Va.), whose Finance Committee handles veterans' bills in the Senate, said his group will consider the pension bill "as soon as we can find a time to take it up."

But Byrd noted in an interview that he Senate committee already has a long list of items requiring its attention. This late in the session a major bill usually stands small chance of becoming law unless it is already well advanced.

Labor Vote Is Not Potent, AIA Declares

By TOM DYGAR

LITTLE ROCK (AP)—Just how potent is the labor vote in Arkansas?

Pretty powerful, if the traditional interest of candidates for governor and U. S. senator is used as a criterion. Not so might if the surveys and arguments of Gus Ottenheimer of Little Rock bring the picture into proper focus.

Ottenheimer of Little Rock brings the picture into proper focus. He is a manufacturer, was one of the founders of Associated Industries of Arkansas, Inc., which recently put the views of management in front of the 1956 political candidates.

The political strength of unions in Arkansas is "a paper tiger, so to speak," says Ottenheimer.

Only 8 per cent of the workers in Arkansas are members of a union, he says, and "besides, I don't believe union leaders can deliver their vote."

The AIA, an organization of manufacturers, recently took the results of its survey to candidates in this summer's Democratic primary.

"There has been a great fear of the union vote in Arkansas," Ottenheimer says. "I think that fear is unjustified."

He said political candidates who met with AIA men to look at the results of the survey "appeared in agreement."

Six Killed in Train-Truck Collision

HAMILTON, Ohio (AP)—A Pennsylvania Railroad freight truck car at a grade crossing near here early today, grinding the car to bits and killing all six occupants of the car—three men and three women.

Conductor P. H. Conley of Richmond, Ind., said it looked as though the car didn't slow a all before the train engine smashed into it.

Butler County Coroner Garrett Boone identified the three men killed as James Nease, Franklin, Ohio; Jerry Stidham, 30, Wolf Creek, Ky., and Claude Raleigh, 38, of Miami, Ohio.

The coroner was unable to identify the women immediately. He said one had a tattoo "Leona" on her left arm.

Activity in the Dead Letter Office

NEW YORK (AP)—The dead letter office turned out to be a hive of activity yesterday. A packing case containing thousands of letters, waiting transfer to a rain, broke open unaccountably in the general post office building.

While Supt. Lester Bricks of the dead letter office went in quest of a DDT bomb, between 300 and 500 bees decided to buzz off on a tour of the world's largest post office.

The dead letter office came alive with swarming, slapping, howling mail clerks and television crewmen, who rolled their cameras against a real-life background of the "light of the Bumblebee."

Bricks finally subdued the yellow-jacketed dive bombers but one casually came within the armistice. Postal clerk Charles Fox obligingly agreed to pose for the cameramen with a dead bee on his nose.

Only the bee wasn't dead, as Fox's nose now knows.

Baptist Group Opposes Any Integration

LITTLE ROCK (AP)—The American Baptist Association yesterday adopted a resolution, liberally sprinkled with Biblical references, opposing racial integration.

Only one "nay" was heard as the 3,000 messengers — delegate — approved the resolution by a voice vote.

The resolution cited the 11th chapter of Genesis, 8th verse, as evidence that "God scattered the races over the face of the earth at a time when they attempted to integrate and become one."

And it referred to 1 Cor. 15:30 which says "All flesh is not the same flesh," adding "just as animals, fishes and birds are of a flesh peculiar to their kind."

He has also drawn the lines of demarcation between the black and white races.

The resolution declared that "a great segment, if not a majority, of the Negro population in the South oppose integration."

The association, representing Missionary Baptist churches in 24 states, continued its annual convention here today.

The messengers voted to meet next year at Fresno, Calif.

Explanation From Moscow Is Predicted

By JOHN M. HIGHTOWER
WASHINGTON (AP)—State Department officials expect Soviet Communist rulers to attempt a public explanation soon of why the neither stopped nor apparently tried to check the late Joseph Stalin's reign of terror.

Some think the stage was set yesterday when Pravda, the Communist party newspaper, published an article in which he questioned was raised by Eugene Dennis, American Communist leader.

Top officials and experts here agree the Communist world is in ferment over this question.

There is no such agreement on Secretary of State Dulles' view that Moscow control over Communist parties of other countries has been "very greatly weakened." He told a news conference the present Russian leaders no longer have Stalin's onetime power to "compel obedience through terrorism."

Many of Dulles' advisers privately feel that these views are, at least by implication, too apologetic about the meaning of what is now happening to international communism.

Steel Industry Starts Banking Furnace Fires

By HUGH MULLIGAN
NEW YORK (AP)—The nation's steel industry began banking its fires today after major companies and the United Steelworkers of America rejected each other's proposals to delay a Saturday midnight strike of 650,000 workers.

Negotiations were not broken off when the flurry of compromise proposals failed last night. But with the deadline nearing, fires began going out in plants across the country.

Workers at U. S. Steel's Gary, Ind., works, largest in the world, and at Bethlehem's Sparrows Point plant in Maryland, the next largest, began slowing down coke ovens and were scheduled to begin banking blast furnaces late tonight.

And, unless a sudden settlement is reached, open heart fires will get their last stoking sometime tomorrow.

Similar cooling-off operations were reported at dozens of smaller plants.

Talks were expected to resume today.

Both sides worked frantically last night to avert a shutdown and each blamed the other when the efforts ended in stalemate.

Violence in States Leaves Four Dead

By The Associated Press

Four Arkansas traffic accident yesterday including three fresh ones—resulted in four deaths. Another person drowned and another died in a mine cave-in.

Mrs. Beatrice Julian, 51, of Springfield, Ark., died at a Little Rock hospital today of injuries suffered in a car accident near the Jefferson Springs community north of Pine Bluff yesterday.

Jefferson County Sheriff Sam Bradley said that Mrs. Julian's car crossed Highway 65, turned a complete loop in the air and crashed to the ground on the left side of the road.

In the only highway accident which didn't have fresh overtones, an 11-year-old Negro boy, Robert Fisher of the Crawfordville community near West Memphis, was struck and killed by an automobile while crossing Highway 61. State police identified the driver of the car as 24-year-old Ronnie B. Ayes of Jericho, Ark.

J. R. Carroll, about 40, of Blytheville, was thrown from his automobile and killed instantly near Blytheville when his car collided with a dump truck which another dump truck had been trying to pull from a muddy shoulder on Highway 61. The stalled truck suddenly broke free of the mud and swung across the highway in the path of Carroll's oncoming automobile.

Democrats in Indiana Pick Wickard

INDIANAPOLIS (AP) — Claude Wickard, former secretary of agriculture, was nominated to run for the U. S. Senate by Indiana's Democratic convention last night as National Chairman Paul Butler survived a bitter test of strength. Neither Butler nor former National Chairman Frank E. McKinney could claim a clear-cut triumph in their struggle for control of the state's Democratic party.

Butler openly was behind Wickard, who now operates a farm near Camden, but his lone opponent was never a serious threat and was without strong support from McKinney.
However, candidates favored for the gubernatorial nomination by Butler and McKinney both lost out to dark horse Ralph Tucker, mayor of Terre Haute, after nine hard-fought ballots in the sultry Indiana Fairgrounds Coliseum.
For a time last night it looked as though Indianapolis banker Mc Kinney's choice for governor, State Sen. Matthew Welsh of Vincennes, might win out in the six-man race. That would have meant loss of control by Butler, a South Bend lawyer, of his own state organization.

The convention already has refused to nominate Butler's private choice for governor, S. Hugh Dillin of Petersburg. Dillin lost support rapidly after the second ballot, and Butler turned to Tucker.

Butler left the convention with the issue still in doubt, explaining he had an engagement in Washington.
"I never run away from a fight or a defeat," he said at the airport. "If they plan to unseat me, I'm waiting for them."

Republican candidates will be picked at the same hall Friday with another Hoosier factional slugfest in store. This time adherents of Gov. George N. Craig and Sen. William E. Jenner, will battle for state supremacy. Sen. Homer E. Capehart is expected to be renominated over token opposition.
The Democrats picked delegates to the national convention without argument, but in the light of the lack of control shown by both Butler and McKinney there was no way to tell which way they would turn at the convention in Chicago.

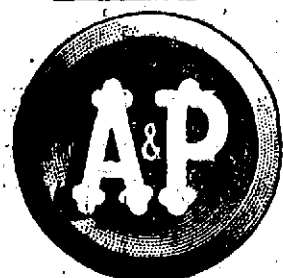

Sen. Estes Kefauver's unopposed victory in the May 8 primary earned him the Indiana delegation for the first ballot only. He is not expected to keep a majority of the 28 votes after that.

They could swing to Gov. Averell Harriman of New York, who McKinney favors, or Adlai E. Stevenson, the choice of the state organization.

Eddie Fisher Is Making First Movie

By BOB THOMAS

HOLLYWOOD, June 27 (AP)—Now it's Eddie Fisher, star of records, radio, TV — and movies.

Sweet-voiced Edwin from Philadelphia is now making his first movie. It's called "Bundle of Joy," and he's appearing opposite Deb-

bie Reynolds, of all people. Despite such pleasant and familiar surroundings, he's worried about the outcome.

"Liberace does a picture and it doesn't turn out so good," he mused. "George Gobel does a picture, and business isn't so hot. What are they going to do to me?"

I volunteered that his was a different case. Neither the Liberace nor the Gobel picture was exactly an artistic triumph. Gobel wasn't funny as his fans expected. As for Liberace's fans, they're not the kind who go to movies anyway.

That's where Eddie holds a trump card. His following includes the youngsters, who have been the backbone of the movie audience

for decades. Eddie seemed heartened by these observations and went on to admit that he was enjoying him-

self immensely. "I'm having a ball," he grinned. "No nerves, no problems. It all comes easy to me. How it will come out on the screen is another matter."

"The thing that impresses me most about making a movie is the time and care that goes into it."

As with the two other TV stars he mentioned, Eddie is doing a musicalized remake. Liberace's "Sincerely Yours" was based on George Arliss' "The Man Who Played God"; Gobel's "The Birds

and the Bees" on Henry Fonda's "The Lady Eve." "Bundle of Joy" is derived from the RKO film "Bachelor Mother." Mr. and Mrs. Fisher play the roles, once again by David Niven and Ginger Rogers.

Eddie is making his film debut under the best of financial conditions. He'll take a sizable share of the profits under his deal with RKO.

"That is — if there are any profits," added the ever-modest Eddie.

His director, Norman Taurog, is high in his praise of the lad. "You'd never know that it was his first picture," said the veteran director. "He acts like a veteran

House Guests Honored

Pat Hale entertained with a dance at his home on Hy 67 No. Saturday evening honoring his cousin, Miss Barbara Ann Higbee of Manhattan Beach, California and other house guests Misses Marion and Margaret Steinbrek of San Gabriel, Calif.

Other out of town guests were Miss Sara Edwards and Miss Betty Berry of Camden, Miss Erskine Ruth Moore of Dallas, Texas; Johnny Watkins and Terry Don Thurman of Hope, Warren Drennan of Benton, Miss Kay McRae of

Houston, Texas.

Forty eight young people enjoyed the evening.

Mrs. J. V. Fore
Hostess To
Canasta Club

Members of the 1950 Canasta Club were entertained on Friday afternoon by Mrs. Vernon Fore at her home.

Attractive bouquets of summer blossoms decorated the room. High score honors were won by Mrs. H. J. Wilson.

A tasteful salad and sandwich course was served to Mrs. Inon Gee, Mrs. C. G. Gordon, Mrs. J. B. Hesterly, Mrs. Jim Yantey, Mrs. Homer Ward, Mrs. W. P. Cummings and Mrs. Wilson.

Miss Virginia Johnson

Honored

Miss Virginia Johnson spent last week in Dumas as the guest of Miss May Puryear. During her visit Miss Johnson and her fiancé, Jack Nuckolls, were honored with a back yard barbecue supper given by Mr. and Mrs. Leo Smith. The supper was served from tables centered with hurricane lamps. The honorees were presented with a gift.

Dancing was enjoyed on the patio.

Miss Johnson also attended a luncheon given by Miss Lynn Pickens.

Mrs. Stockton HD

Club Hostess

The West Prescott Home Demonstration Club met June 20, in the home of Mrs. Dalton Stockton with 9 members, two visitors and Miss Ann Jamison, county home demonstration agent present.

Mrs. A. E. McGuire, president presided over the business meeting. Mrs. Stockton led the group in singing "Home On the Range." The devotional was given by Mrs. Fred White and the Lord's Prayer was repeated in unison. Roll call was answered by each member answering "Where I would spend my ideal vacation."

The treasurers report and the minutes of the last meeting were read by the secretary Mrs. Harry Keeley. Mrs. Keeley gave a very informative demonstration on the making of picture plates.

The hostess served drinks and cookies. The July meeting will be in the home of Mrs. Robert Peachey.

What's New in Getaway?
Try a '56 Buick and See!

Buick Super 6-Passenger 4-Door Riviera

You've probably heard us say a lot, recently, about the 1956 Buick's new Variable Pitch Dynaflo.*

And maybe you've wondered just what that "new" means.

Well, it means a brand-new principle in transmission design. A new way to make whirling oil add to its own velocity and produce fast torque build-up at only part throttle.

What does it do for you?

It gives you a quick new getaway response right in the first inch of pedal travel — right where you do most of your normal driving — and right where you get better gas mileage every inch of the way.

It gives you more safety-surge breakaway when you floor the pedal and switch the pitch — more electrifying full-power acceleration to pull out of a tight spot.

And it gives you all this with absolute smoothness — because no gears ever shift in Dynaflo.

But if you think this great new getaway is

(the only reason for Buick's strong position in the Top 3 of America's best sellers — listen:

In every 1956 Buick there's newness from end to end.

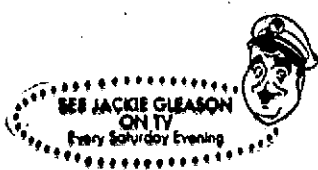

New 322-cubic-inch V8 engines. New brakes, new frame, new rear end. A new deep-oil cushioned ride. New handling ease, new quiet, new comfort. New interlocking safety door latches. New Safety-Aim headlamps. New styling and beauty inside and out.

What it all adds up to is the Best Buick Yet, by far. And you'll find all these new thrills packaged in a price that makes any '56 Buick you choose your smartest buy yet. Can you come in this week?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

Thought For The Day
To preserve health is a moral
and religious duty, for health is
the basis of all social virtues. We
can no longer be useful when not
well. — Johnson said it.

Calendar Of Events
The Junior Choir of Lonoke Baptist
Church will sponsor a weiner
roast and croquet game on the
church lawn tonight. The public is
cordially invited to attend.

Beautiful Hill Chapter No. 15 O.
E. S. will sponsor a weiner roast
at the home of Mr. and Mrs. E.
D. Deloney Saturday night, June
30. The public is cordially invited.

The Missionary Society of Rising
Star Baptist Church will sell ice
cream in the Church dinette Satur-
day night, June 30. Mrs. Lillie B.
Logan, Reporter.

Coming And Going
Mrs. Robert Robinson and daugh-
ter Shirley Marie returned home
Wednesday, June 27, from Dallas,
Texas where they spent several
days as the guests of Mr. and Mrs.
Jim Campbell and Mr. and Mrs.
W. L. Cook.

Mrs. Vera Jones spent the week-
end in Magnolia, Arkansas with
relatives and friends. While there,
she attended a turn-out at New
Zion Baptist Church. She was ac-
companied home Sunday night by
Mrs. A. B. Gant and son
Dwight Wynne, and Mr. and Mrs.
Alex Tarkington.

Local Evangelist:
Returns Home
Evangelist Clara D. Stuart re-
cently returned home from the
West Coast where she spent six
months preaching in various Churches
of God, conducting Revivals
and teaching classes in Christian
Education.

On June 6, she attended the 93rd
Commencement Exercise at the
University of California, Berkeley,
at which time five thousand gra-
duates received various degrees.

Mr. Isaiah Stuart, youngest son
of Rev. and Mrs. H. H. Stuart,
this city, was one of the Pre-Medical
graduates. He is a graduate of
Yerger High School, and was a
Star of the Yerger Tigers Football
Team. Isaiah played one year with
the California University team.

Mr. and Mrs. C. G. Carmichael
had as house guests Mr. and
Mrs. Moses Flowers of San Fran-
cisco, California.

Mrs. Flowers, the former Miss
Demitris Banks of Curtis, Ark.,
is a cousin of Mrs. Carmichael.

T/Sgt. and Mrs. Clarence Davis
and children, Lynn and Vrana
La Quita, spent a few days with
Mrs. Davis' grandmother, Mrs.
Mary Johnson.

They came to Hope from Geneva,
N. Y. where Sgt. Davis was station-
ed for several months. They are
enroute to San Antonio, Texas,
where he is currently station-
ed.

Mr. and Mrs. Willis McCollum
had as Sunday dinner guests, Rev.
W. M. Erby, Pastor of Rising Star
Baptist Church, and his daughter
Mrs. Robert Wiley of Blytheville,
Arkansas, and Mrs. Edna Spear-
man.

On Monday, June 25, Mrs. Ellen
McCollum entertained Mrs. Mar-
garet Spearman Bennett and chil-
dren with a lawn party and dinner.

Swaps Uniforms
for Sixth Time

DETROIT (AP) — "Major" Joseph
Suskie, a frustrated military man,
was back in retirement today for
the sixth time in six years. And
once again he's had to swap an
officer's uniform for drab prison
garb.

Federal Judge Thomas P.
Thornton sentenced Suskie to sev-
en years imprisonment after he
pleaded guilty to a charge of pos-
ing as a Selfridge Air Force Base
major to cash a worthless \$49
check.

Asst. U. S. Atty. Robert E. De-
Macio said Suskie, 28, has im-
personated Army, Navy, Air
Force and Marine officers to cash
a total of \$15,000 in bad checks
over a period of time.

He has been jailed in Illinois,
Pennsylvania, Indiana and Nevada
and is wanted in Oregon and
Texas, DeMacio said.

Little Leagues to
Play Friday Night

There will be no play tonight
but the Little League makeup games
will be played Friday. This pairs
Owens and Dynadow, the Oil Bugs
against CBC and Hope Beverage
against the Lions Club.

No Pony League games will be
played until next week.

Mobile Makes Nashville Vols Suffer

By The Associated Press
Mobile, riding a crest of fine
pitching, is making Nashville's
Vols suffer now for the way they
kicked the Bears around early in
the Southern Association season.
The frustrated Vols, trying vainly
to overhaul her front-running
Birmingham Barons, have gotten
only one run and 12 hits off Bear
brulers while losing her first three
games of their current series.
That's quite a four-reversal
from the opening series between
the Vols and the Bears in April,
when the Vols swept the four-
game set pounding out 63 hits and
scoring 43 runs.

The Bears scored their second
straight shutout over the Vols one
of the most feared hitting teams
in the league, on a four-hit col-
laboration last night by Bill Dail-
ey and Bill Durden. The score
was 5-0.

Memphis upended Birmingham
rare rallies and beat Little Rock
6-4. Chattanooga and New Orleans
were rained out.

Mobile tagged Roy Purdue with
the loss with two runs in the third
and Hank Izquierdo settled the
issue with a three-run homer in the
fourth. Tommy Brown and George
Schmees accounted for all of
Nashville's hits with two singles
each.

Gio Dickens' hitting and Don
Rudolph's pitching were more
than Birmingham could handle.
The Chick left a fielder blasted a
homer, triple and single and drove
in four runs. Rudolph, who lost
his shutout when Dany Ryan hit a
bloop single with two out in the
seventh, scattered eight hits ef-
fectively.

Little Rock pitching went sour
in the ninth inning at Atlanta, a
notoriously poor com-from-behind
team this season, shoved across
five runs for the victory.

Charlie Fowler, who ended the
Travs' eight-game losing streak a
week ago by beating Birmingham,
failed this time and the Travs'
new winless streak reached five.

Fowler looked impressive until
he tired in the ninth and the loss
went to Bill Voiselle, first of two
ineffective relievers.
